Make it a full day by adding a morning camp!

Get the summer started off right with fun-filled activities at Airborne! We've had great success translating movies and video games to our active theme camps, now we're moving on to our favorite books! Wings of Fire, Magic Treehouse, and a full day of Dr. Seuss!

Wednesday: Wings of Fire – Calling all dragonets! Time to fulfill the prophecy and unite the dragons once and for all. Campers must first escape from the hidden cave and then explore the lands of Pyrrhia. Play hide-n-seek with the Rainwings, cross the Kingdom of the Sea with Kestrel, and rely on the strength of your friends to escape the Skywing prison!

Thursday: Magic Treehouse – Adventure awaits! Climb the "treehouse," let it swirl, and then see where the day takes you! Just like Jack and Annie, we will spend the day solving mysteries and going on wild adventures. From dinosaurs to Japanese samurai, there's nothing our campers can't explore in the vast Airborne gym!

Friday: Dr. Seuss – The wonderful world of Dr. Seuss comes to life in every rotation! Hunt for Truffula seeds with the Lorax, and play hide-n-seek with the mischievous Cat in the Hat! "You're off to great places! Today is your day! Your mountain is waiting so get on your way!" A delightfully delightful day will be had by all, indeed.
