

Video Games Camp Spotlight

June 3-7, 2024

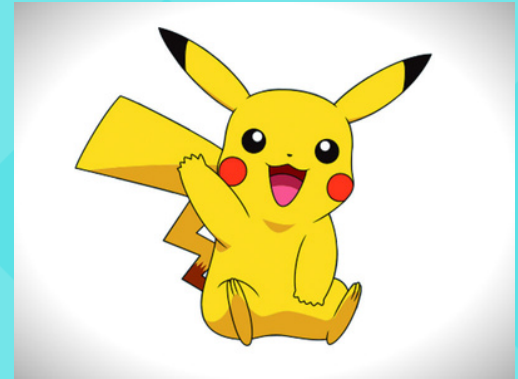

1:00-4:30 PM, \$57 per camp

Make it a full day by adding a morning camp!

Playing video games can be fun, but **PLAYING** video games is even better! Video game classics come to life as our campers get to live out the games they usually only play on a screen. This is quickly becoming a fan favorite, and our staff just loves to guide the enthusiasm the kids bring every day. A week of creativity, passion, and tons of games and exercise! Just what today's gamers need.

Monday: *Animal Crossing*– Welcome to your own deserted island! Use the mats to make your own maze, and then have a *blast* playing tag in your own creation! Stay away from the alligators feeding below the beams, and swing to the prize over the pits! Bring your appetite for FUN!

Tuesday: *Sonic the Hedgehog* – Live life in the fast lane with Sonic the Hedgehog at Airborne! Of course this will be a day of races galore through the pit, across the trench, and down the supersonic path (the specialized "rod floor," with fiberglass rods to bounce kids along their path.) Campers will earn rings to travel to different worlds in the gym but must beware of the evil Robotnik traps spread throughout the galaxy of Airborne. Hurry to join us - speed is of the essence today!

Wednesday: *Pokémon* – Did you know that Airborne has 3 Pokémon stops? At camp we will discover our special Pokémon powers, have Pokémon treasure hunts, and earn "candies and stardust" for our Pokémon! Campers will make belts and collect different Pokémon throughout the day. Be ready for an action-packed day of games & Pokémon!

Thursday: *Angry Birds* – We are going to be bringing this fun and engaging game to life! We will be sending our Birds out to save their eggs. This will include flying into the pit and knocking down towers, as well as stealthy missions climbing, swinging and jumping into the Evil King Pigs hideout. If you are a fan of the King Pig don't worry, we will also be building Piggy vehicles that will help them complete courses and racing to the finish line. We are excited to bring this camp to Airborne and hope to see you there!

Friday: *Mario* – Welcome to Airborne's own version of the Mushroom Kingdom! Here you will help Mario and Luigi do everything from rescuing Princess Peach on a fun, rope swinging obstacle course, to defeating Bowser in his fortress 20 foot rock wall. Campers will "power up" and gain the ability to throw fire-balls (foam blocks) when confronted by Wario (Mario's nemesis). Make sure you keep your eyes open for the golden coins...these will help you level up!
